Summer is almost here and it's time to get your motorcycle out on the road. However, it's important to remember that with the warmer weather and increased traffic, motorcycle riding can be more dangerous. As a rider, it is your responsibility to take the necessary precautions to ensure your safety. Here are some tips for safe summer motorcycle riding.

### **Wear Protective Gear**

Wearing proper protective gear is essential for safe motorcycle riding. Make sure to wear a DOT-approved helmet, a protective jacket, pants, gloves, and boots. The gear should be designed to protect you from heat and sun exposure, as well as potential injuries from accidents.

### **Stay Hydrated**

Summer heat can cause dehydration, which can affect your ability to ride safely. Make sure to drink plenty of water before and during your ride and take breaks to hydrate as needed. Avoid caffeine and alcohol, as they can dehydrate you.

### **Check Your Bike Before Riding**

Before heading out on the road, make sure to check your bike tires, brakes, lights, and fluid levels. Check your bike's manual for maintenance tips, and keep your bike well-maintained throughout the summer.

### **Plan Your Route**

Plan your route before you hit the road. Use a GPS or a map to plan your route, and make sure to take into account any potential hazards, such as construction or heavy traffic. Avoid high-traffic areas and rush hour if possible.

### **Stay Visible**

Wear bright or reflective clothing, and make sure your bike's lights and turn signals are working properly. It's important to stay visible to other drivers, especially in heavy traffic or low-light conditions.

## Stay Alert

Stay alert and focused on the ride at all times. Keep your eyes on the road ahead, and watch out for hazards such as potholes, gravel, or debris. Be aware of your surroundings and stay vigilant for other drivers who may not see you.

## Take Breaks

Long rides in the summer heat can be exhausting. Take breaks as needed to rest and recharge. Use this time to hydrate, stretch, and take in some shade. This can help you stay alert and focused throughout your ride.

In conclusion, safe summer motorcycle riding requires a combination of careful preparation, vigilant riding, and good judgment. Follow these tips, wear the proper protective gear, and always ride defensively. By taking these precautions, you can enjoy your ride and stay safe on the road.

## Membership Enhancement

### Dean Miller/Miles Justice

Are we having fun yet? We certainly hope so because there have been so many great rides and meet-ups already this year and it's only the beginning of April. Fingers crossed that this wonderful riding weather continues throughout the rest of the year!

We hope everyone was able to check out Veteran's Memorial Plaza and get in on March's Copycat Challenge. April's Copycat Challenge picture was taken at the Vintage Fire Museum which is located at 706 Spring Street, Jeffersonville, Indiana 47130. We rode around the back of the building for Lora to safely snap a pic of our bikes beside the fire trucks. However, you do not have to be in the picture - just

your bike. The deadline for this pic will be May's meeting. Don't forget the goal is to reproduce the challenge pic as closely as possible using your bike in place of ours to be entered in the monthly drawing to win a \$10 Rooster's gift card.

VINTAGE FIRE MUSEUM, 706 SPRING STREET,  
JEFFERSONVILLE IN 41730

Congratulations to Chanel  
Blue for winning the March  
Copycat Challenge prize!

Also, be sure while you are out riding to look out for items on the annual scavenger hunt list as well! Contact Dean or Miles to get a copy of the Scavenger Hunt list and directions and if anyone needs a couple more rubber ducks for our "You've been Duck'd" membership initiative, please feel free to contact either of us for that also.

Finally, a big shout out to Lora for pinch-hitting for us at the April meeting by handling MEC duties while we were in Henderson taking the Road Captain Course. Way to go, Lora!

## Chapter Visits:

**Saturday, March 18<sup>th</sup>** was a busy day for some Chapter A members. We drove to

Lexington, Ky to visit Chapter C in the morning and then drove down to Paintsville, Ky to visit Chapter T in the afternoon. It was too cold to ride the bikes so we rode up on four wheels and there might've been a small piece of wood shaped like the state of Kentucky involved!!

## October Spook-tacular

The Jack o' Lantern Spectacular is an indescribable event in Louisville, KY. There are 5000 carved pumpkins on display, it is really beyond comprehension. It is at Iroquois Park and the walk is 1/3 of a mile (scooter/wheelchair/stroller accessible). The cost is approximately \$15.00 per person + fees. However, after the new year I will be calling to see if we can get a group rate.

We thought this would be a fun social weekend for the district/state to come together for some low key fun. We would attend the Jack o' Lantern Spectacular on Friday night (13th) and Saturday night the 14th, socialize at the campground.

We have reserved campsites and cabins at the KOA Louisville South Holiday Campground 2433 Hwy 44, E Shepherdsville, KY 40165. When making reservations please mention the Cridlin Group to receive a 10% discount off of the nightly rate. 502-543-2041. Reservations are a 3 night minimum, October 12-14, 2023. Camping Reservations must be made by January 1, 2023.

For those that don't camp, there are hotels at the exit of the campground. This way the hotel folks can come visit with the campers for socializing. We did not get blocks, but the pricing is very reasonable for you to shop which hotel you prefer to stay. Hotel reservations can be made at any time.

Garden Inn, 130 S Lakeview Dr, Shepherdsville, KY 40165

Best Western 211 S Lakewood Dr., Shepherdsville, KY 40165

Super 8, 275 Keystone Crossroads Dr., Shepherdsville, KY 40165

Motel 6, 144 Joe B Hall Ave., Shepherdsville, KY 40165

If you have any questions, please contact us, 859-534-5292 (h). A deposit is required when making reservations at the campground. They are only holding the campsites/cabins until Jan 1st. October is the busiest month of the year for this campground, we were lucky to get this many sites.

We hope you have interest in joining us. Please let us know when you have made your reservation so we can keep a list of who is attending. If you are local to the area and won't be camping or hoteling and want to attend the Jack o' Lantern Spectacular please let us know that so you can be added for the group ticket pricing.

## Rider Education Report

I hope everyone had a wonderful Easter. Now that the hard-boiled eggs, jellybeans, and marshmallow chicks have been delivered, Peter Rabbit will go from hopping down the bunny trail to hopping on his motorcycle and riding down the road. I suspect that, as the temperatures become more favorable, many of us will be doing the same.

As you finish the last of your candy, and start making your list of Spring chores, be sure to include the T-CLOCS list of checks for your motorcycle. In case you have forgotten:

**T – Tires and Wheels**

**C – Controls**

**L – Lights and Electrics**

**O – Oil and Other Fluids**

**C – Chassis**

**S – Stands**

The RPM Academy provides the R.17 form for those interested in tracking their bike's history, or just as a tangible method to be sure everything is covered. You can download the form at: <https://rpmacademy.net/wp-content/uploads/2023/02/R.17-RPMA-Vehicle-Inspection-Form-01.31.23.pdf>.

The MSF has a very comprehensive form with detailed descriptions on their website at: [http://www.msf-usa.org/downloads/T-CLOCS\\_Inspection\\_Checklist.pdf](http://www.msf-usa.org/downloads/T-CLOCS_Inspection_Checklist.pdf).

There are several other sources worth reviewing online. You can access them by typing T-CLOCS into your web browser.

There is one point of the T-CLOCS I would like to briefly discuss. This would be the letter L, for lights and electrics. When was the last time you actually looked at the bulbs responsible for keeping you safe? Sure, we all check for function, and true, I rarely ever see anyone with non-functioning lights on their motorcycle. But have you ever noticed some lights are more dim than others, even on the same model? Incandescent lamp filaments atomize over time and coat the inside of the glass bulb. How old are your bulbs? How many miles are on them? Unlike most cars (not including the DRLs), motorcycles run their lights the entire time the vehicle is in operation. This year, take the extra few minutes and open up your light assemblies and check those bulbs. I guarantee the bulb you replace today will last many times over the one you didn't.

Now that you have looked over your motorcycle, take the next step and look over you! In addition to T-CLOCS, there is also T-CARE. I introduced this acronym to Chapter G in the October 2015 Newsletter. In case this was missed:

**T – Training**

**C – Conditioning**

**A – Attitude**

**R – Riding Risks**

**E – Expectations**

**T** - Like any skill, the more it is practiced, the easier it is to perform. And taking a formal training allows your riding style to be checked for bad habits that could otherwise evolve into bad events. **C** - As motorcycling is a physical sport, it is important to keep

your body in good shape. Keep your body in good condition by staying active and getting annual check-ups. **A** - Attitude effects our action. Be in a good place when you start your ride, so you can be alert and aware of everything around you. Bad attitudes can cause distractions that can cause bad events. **R** - Everything in life has risk. Be sure to plan appropriately for the risks associated with motorcycling. Consider wearing all the gear all the time. **E** - Think about the ride before you start. A group ride on back roads is considerably different than a rush hour commute. Fun can be found in all rides if we set our expectations accordingly.

***2nd Saturday of the Month Roosters***  
***10430 Shelbyville Rd Louisville, KY***  
***40223    11am Meeting begins at Noon.***

*Chapter A met Saturday, April 8<sup>th</sup>. We had visitors from Chapters C, G, and K in the house!! It was great to see everyone. We discussed creating a new name for Chapter A since we still have “wing” in our name. Kent Risen and Dean Miller are on this committee, so far, the name suggestions are: Derby City Wing’D Riders or Derby City Road Riders. We also discussed modifying our current logo “patch” to remove the twin spires and the wings on the motorcycle since we want to be an all-inclusive motorcycle group. Please let Kent or Dean know of any suggestions or comments you have on this. Mary Eicher (Chapter*

*G) announced that G will have a Motorist Awareness Event on May 20th at the Indian Dealership in Richwood(10855 Dixie Hwy, Walton Ky 41094). They are calling this a “Go Expo” to show people how we “GO” on motorcycles. A motorist awareness tent will be set up with goodies to give out. Mary also mentioned Donita has one more campsite available for the Wind’D rider rally if anyone is interested. Please get in touch with Mary or Donita from Chapter G for more information. Mike and Dedre Vanhooose our new State MEC’s had State Membership Enhancement news and announced Kent and I have accepted the Couple of the Year Coordinators position that was recently vacated by Lisa and Allen Merritt. We want to thank Lisa and Allen for all their hard work in this position. And finally, our Accident Response Class was discussed again with no finite details except that it will be after our meeting on May 13<sup>th</sup>. Stay tuned for more details....*

State Couple of the  
Year

## State Couple of the Year

Well, April is here, and we have already had some beautiful riding weather. Spring has sprung! Kent and I look forward to all our upcoming rides with Chapter A. We also plan to meet up with some other Chapters on their rides as well. Chapter K is riding to Hawg's A\$\$ Sammiches in Harned, Ky and Chapter S is planning an overnight ride Memorial day weekend to the Rattlesnake Saloon in Tuscumbia, AL both sound like fun times. Come join us!

The Mascots are moving as well, maybe we will see Oliver or Melvin, our Couple or Individual of the Year Mascots, out on a ride. We hope so. Also, don't forget to let us know what couple or individual acquires the Mascots and what couples were present to try and acquire them because this is how the points are tracked. The couple or individual with the most points will get to permanently adopt the mascot at the KY Blast in August!! And finally, don't forget to buy your tickets for the Solo stove. Tickets are \$2 each for a chance to win the "Stove of the Year" also drawn at the KY Blast in August so see your couples or individuals for tickets and ride safe!!

**Don't forget your tickets for the "Stove of the Year" to benefit the Couple and Individual of the Year Program. Tickets are \$2 and there will be a drawing at the Ky Blast to win it!!! Be in it to win it!!**

## **Chapter A 2023 Couple of the Year**

Lora and I feel as if Chapter A is family to us, so we are both humbled and delighted to be representing as this year's Couple Of The Year. We are both looking forward to visiting all the chapters and pursuing the mascot but most of all we are excited about having fun and making new friends.

As a reminder, we still have tickets available for the Solo Stove raffle. Please contact us if you're interested in a chance to win!

Peace to all, Lora and Dean

## **Chapter A's Individual of the Year:**

**Hello Chapter A! There has been a lot of activity for our Chapter already this year, including rides in February and March and attendance at the Operations Weekend in Florence in February. I am not sure about the rest of you,**

**but I am so excited for April's arrival which generally brings more consistent riding weather. I am also excited about the new Individual of the Year mascot – Mel...vin the Sloth! I was able to capture him at the Chapter S meeting in Elizabethtown back on March 5th and awarded him to Chapter C's IOY Jim Springate on March 18th. Melvin was available again at Chapter S on April 2nd. Although I attended the meeting, I lost the drawing to S's IOY Jeff Healey. Melvin will be available again soon and hopefully, I will be able to capture him for Chapter A. Hope to ride with you all again very soon. Until then, ride**

## Level System

Basically there are four levels:

1. Safety by Commitment
2. Safety by Education
3. Safety by Preparedness
4. Safety by Enhanced Commitment and Preparedness

Rider Education Levels Program

"THE BUILDING BLOCKS OF RIDER EDUCATION"

### Level 1: Safety By Commitment

#### Rider and Co-Rider requirements:

- The expressed commitment of the Rider or Co-Rider to strive for and practice safe riding.

### Level 2: Safety By Education

#### Rider requirements:

- Have 5,000 safe miles.
- Have a current motorcycle license.
- Have completed an approved on-bike Rider course within the past three years.

#### Co-Rider requirements:

- Have 5,000 safe miles.
- Have completed an approved Two-Up Rider course or GWRRA Co-Rider seminar within the past three years.

### Level 3: Safety By Preparedness

#### Rider requirements:

- Completed a formal approved on-bike Rider Course within the past three years.
- Maintain current First Aid, CPR or MEDIC First Aid certifications.
- Carry a First Aid kit on the motorcycle.

#### Co-Rider requirements:

- Completed an approved Two-Up Rider course or GWRRA Co-Rider seminar within the past three years (a sanctioned PLP is not allowed to be used for this Level).
- Maintain current First Aid or CPR or MEDIC First Aid certifications.

### Level 4: Safety By Commitment and Preparedness

#### Rider requirements:

- Have been current in Level III for at least one full year.
- Have ridden a minimum of 25,000 safe miles.
- Be current in both First Aid and CPR certifications.
- Wear proper riding apparel at all times while riding.
  - *Proper riding apparel, a.k.a.: proper riding "gear" will include, at a minimum, a DOT (FMVSS 218)/Snell (M2010) / ECE 22.05 approved helmet (approved standard applicable to the local area), eye protection, long sleeved jacket/shirt (no "riding pull on/off sleeves"), long legged sturdy pants, full fingered gloves and over the ankle footwear. Some have coined the acronym ATGATT standing for All the Gear, All the Time.*

#### Co-Rider requirements:

- Have been current in Level III for at least one full year.
- Have ridden a minimum of 25,000 safe miles.
- Be current in both First Aid and CPR certifications.
- Wear proper riding apparel at all times while riding (see definition in the Rider section above).
