Unfortunately, the calendar year is basically one-half past, but the riding season has barely just begun. Now is the time that we start to plan our best rides. Now is the time that we even plan our fall rides which are usually our best rides considering scenery and weather. Planning

these rides usually gets us really pumped up.

Although the fall rides are usually more consistent weather-wise, we still must plan for some inclement weather at any time during our ride. Our bikes are usually in pretty good shape by now with all the shakedown rides, so all we really have to worry about is our gear. The heat of the summer requires just about as much planning as the colder

weather. Each can take its toll on our bodies. It is very important to consider all circumstances, especially as we get older. Make sure that you are not riding unprepared. Riding becomes a lot more stressful if you are not prepared. Give your riding and pleasure a lot of thought prior to adventuring out.

Angela and I are certainly looking forward to all the rides coming up. We especially look forward to the chapter visits and events coming up that involve all of the chapters coming together. We hope that all your rides are safe and uneventful, with a lot of pleasure and memories.

Ride safe and we will see you out on the road.

We had a great ride to the Rattlesnake Saloon in May, thanks to David Rock for putting the trip together!

As with almost every ride, there are usually lessons learned. The biggest takeaway for me was to always try to maintain proper spacing between bikes.

It is always important that we allow enough spacing to react if something unexpected happens, usually, it is recommended that you allow a minimum of two seconds between you and the vehicle ahead. This distance may increase due to weather and road conditions, even a road with good pavement may require additional distance if visibility is reduced due to curves and/or hills.

We can create issues by allowing too much distance too. We experienced this on our return trip when the bikes in front of the drag fell back creating communication issues for the entire group.

I'm looking forward to many rides this year, I'm confident we will all work together to make the rides fun and safe!

What up Chapter A? Hopefully everyone has been riding this past month. The weather has been getting noticeably warmer lately so make sure you keep hydrated while on the bike. Thanks all for your continued support of the Chapter Challenges. We are excited to announce that there were multiple entries of May's Copycat Challenge taken at Hermitage Farms in Oldham County. Congratulations go to Chanel Blue who won the \$10 Roosters Gift Card this month!

Unfortunately for Miles, this month's Copycat pic is one bike short. Hopefully, he will have his ride back in plenty of time for the Wing'd Rider Rally in Litchfield, IL at the end of the month. June's Copycat pic was taken at James B. Beam Distillery Company located at 568 Happy Hollow Road in Clermont, KY 40110. There is a restaurant and cocktail bar - The Kitchen Table - located on the premises, so feel free to enjoy a bite and a drink at this scenic location featuring locally sourced ingredients.

While on your way to The Kitchen Table, remember to keep your eyes open for items on the Scavenger Hunt as well. We look forward to riding with you all again soon!

Chapter Visits: Saturday May 20th Chapter C

We visited Chapter C and were able to win the Traveling Plaque. Miles had to give up Melvin, also to Chapter C. Don't be sad Miles, you will get him back!

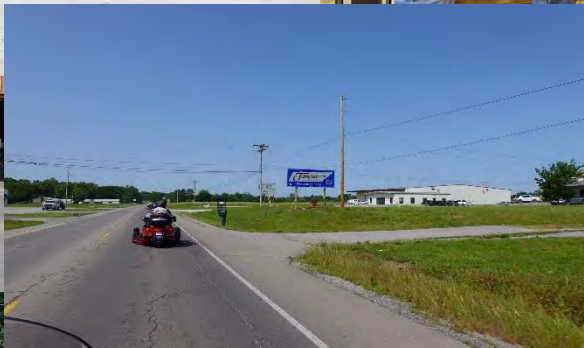

2023 Past Rides:

May 21st Lunch Ride to Madison, Indiana

May 26-28 Rattlesnake Saloon Ride to Tuscumbia, Al

Chapter A joined Chapter S along with a few members of Chapter C for an awesome ride down to the Rattlesnake Saloon in Alabama. We had beautiful weather and great company. Thanks, Chapter S for letting us join, and special thanks to David Rock for organizing it all.

Once you arrive at the Rattlesnake Saloon you must take a “taxi” down to the restaurant and when I say “taxi” I mean a Redneck taxi. What is a Redneck taxi you ask?? It is the back of a pickup truck bed with a canopy over the top and “customized seats”. But like any good ride, it’s not just about the destination but the journey to get there. And if there is one thing this group can do it’s **ENJOY THE RIDE!**

After lunch Chapter A drove into Huntsville to visit the Space Center. I know some of you may think Chapter A is out in Space sometimes, but we like to think we have a Rocket Scientist leading our group and we are NASA material!!

From the Editor's desk Karen Risen

Thanks for all the submissions, keep them coming!!

October Spook-tacular

The Jack o' Lantern Spectacular is an indescribable event in Louisville, KY. There are 5000 carved pumpkins on display, it is really beyond comprehension. It is at Iroquois Park and the walk is 1/3 of a mile (scooter/wheelchair/stroller accessible). The cost is approximately \$15.00 per person + fees. However, after the new year I will be calling to see if we can get a group rate.

We thought this would be a fun social weekend for the district/state to come together for some low key fun. We would attend the Jack o' Lantern Spectacular on Friday night (13th) and Saturday night the 14th, socialize at the campground.

We have reserved campsites and cabins at the KOA Louisville South Holiday Campground 2433 Hwy 44, E Shepherdsville, KY 40165. When making reservations please mention the Cridlin Group to receive a 10% discount off of the nightly rate. 502-543-2041. Reservations are a 3 night minimum, October 12-14, 2023. Camping Reservations must be made by January 1, 2023.

For those that don't camp, there are hotels at the exit of the campground. This way the hotel folks can come visit with the campers for socializing. We did not get blocks, but the pricing is very reasonable for you to shop which hotel you prefer to stay. Hotel reservations can be made at any time.

Garden Inn, 130 S Lakeview Dr, Shepherdsville, KY 40165

Best Western 211 S Lakewood Dr., Shepherdsville, KY 40165

Super 8, 275 Keystone Crossroads Dr., Shepherdsville, KY 40165

Motel 6, 144 Joe B Hall Ave., Shepherdsville, KY 40165

If you have any questions, please contact us, 859-534-5292 (h). A deposit is required when making reservations at the campground. They are only holding the campsites/cabins until Jan 1st. October is the busiest month of the year for this campground, we were lucky to get this many sites.

We hope you have interest in joining us. Please let us know when you have made your reservation so we can keep a list of who is attending. If you are local to the area and won't be camping or hoteling and want to attend the Jack o' Lantern Spectacular please let us know that so you can be added for the group ticket pricing.

Kentucky State Educator Report

Artmayer**

State Educator

The other day I was making a pre-trip checklist for the Ride In and realized I would need to update my Garmin Zumo 590 GPS that was purchased for our trip to Wing Ding 38 in Billings, Montana. It had been several months since I used it last, so I was thinking it would need an update. Normally a straightforward process, this time the update took a few days.

The first step to update the GPS is to connect it to the computer. Normally, the display comes on and within a few moments the image of a connection to a computer appears, followed shortly by the computer providing an audio confirmation of successful connection. This time there was no sound and the screen was very dim showing a depleted battery symbol. I then opened the Garmin Express application on the computer as this is the

required tool to transfer the updates. Garmin Express could not find the GPS. I tried several different cords to be sure I had a data cord (some USB cords are only for power), and that the cord I was using was making a good connection. After verifying my cord was good, I opened the battery compartment and reseated the battery connection (one of the weak points of the 590). After having no luck, I decided to leave the GPS connected to the computer and head to bed.

The next day I was available to check the issue again. Now when I opened Garmin Express, the GPS was found quickly. The display on my Zumo was also much brighter than the day before and showed the proper image. So on to the next step. I downloaded the update and directed Garmin Express to install the data into the Zumo. After the usual check to verify the device would accept the update, a little window opened that I had never seen before, with a message I had not read before, indicating the update was too large for the built in memory to manage. It offered the suggestion to reduce the update to only a small map region or install a memory card. Out of luck yet again, I used my Prime account to get an SD card on the way for tomorrow and went to bed.

I tried again after work the next day and successfully installed the update. Thinking about the process to understand what happened and what I could do better for the next time, I realized there are some similarities between keeping the GPS updated and keeping ourselves updated as motorcyclists.

The first thing I realized is it is important to keep our equipment maintained. Our most important piece of equipment may be our bodies, and if we do not maintain our "batteries" by eating right and exercising, we will not be ready when it is time to be updated with latest information.

Second, we need to know our capacity for doing things and we need to be prepared with additional capacity in case of the unexpected. We never know when an event will test our limits and we need to have a cushion of extra time, equipment, etc., ready to prevent delays.

And third, patience is important to reaching our goal. Every task, every journey can include unforeseen roadblocks. Sometimes things will just take longer than expected. Failing to plan is planning to fail, so sticking with the plan will eventually yield success.

40223 11am Meeting begins at Noon.

Chapter A met Saturday, June 10th. We had visitors from Chapter C. And we were all glad to see Don Price, our awesome Ride CoOrdinator back and he looked normal!! LOL! Chapter C was able to win back the Traveling Plaque and they brought us Oliver, the Couple of the Year Mascot. Dean and Lora, our COY won Oliver by default. Also, we finally got the COY medals, so Ray was able to present them to Dean and Lora. And the best part was we had a ride after the meeting to get, you guessed it, ICE CREAM!!

State Couple of the
Year

State Couple of the Year/Couple of the Year Coordinators

Hey Guys, we have been out riding in this great weather!! Kent and I joined Chapter S on their ride to the Rattlesnake Saloon in Tuscumbia, Al. There were a few unforeseen incidents, but it was beautiful weather and an all-around great time with some awesome people and guess what ya" ll?? We ran into a few critters as well.....

Kent and I are super happy to see the Mascots out and about and the Couples and Individuals having fun with them.

Don't forget to purchase your tickets for the Solo Stove that will be raffled off at the KY Blast in August at the Showroom in Danville Ky. Chances are \$2 and the money raised will go to support the Couple of the Year and Individual of the Year program.

Be In It to Win it!!

Chapter A 2023 Couple of the Year **Dean and Lora Miller**

While I am sad, I couldn't go, Dean said the ride to Rattlesnake Saloon was a great success. Between the beautiful weather and the fun crowd, it seemed everyone had a good time. We are excited about the upcoming Wind'd Rider Rally at the end of June.

Don't forget we still have \$2 tickets available for a chance to win the Stove of the Year -a Solo stove. This will be given away at the Blast in August in

Danville, KY. Looking forward to seeing everyone soon.

Lora & Dean

Chapter A's Individual of the Year: **Miles Finley Justice**

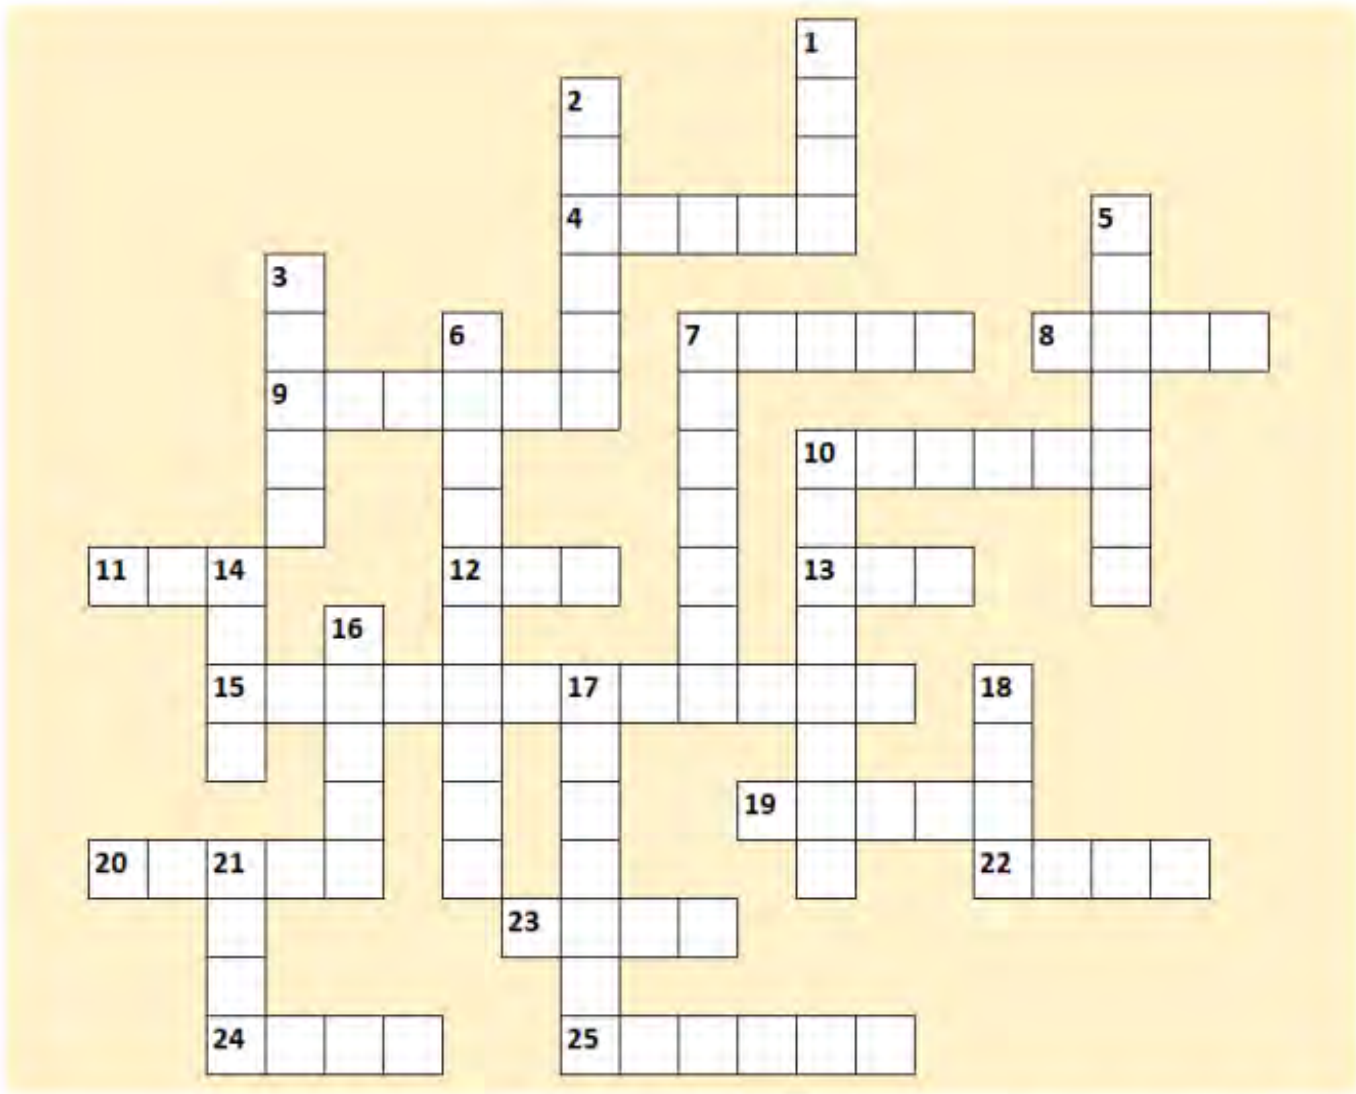

So, I did a thing last weekend. No, not just separate yet another front universal joint on my trike LOL. I submitted my resume to the State MECs – Mike and Dedre VanHoose – to enter the competition to be the first-ever Kentucky

State Individual of the Year. After Kent and Karen Risen represented Chapter A so well in the Couple of the Year competition last year and seemed to have so much fun doing so, I decided to give it a whirl. The deadline for submissions was originally the Ride In. However, Mike and

Dedre announced last Saturday that the deadline is being extended until June 15th. I am not sure yet who all is tossing their hat into the ring, but hopefully, we can have some friendly and good-natured competition like Kent and Karen did with John and Mary Eicher in 2022. Thanks to everyone for supporting me as the 2023 Chapter A IOY!
